DERMALOGICA POWER PRO EYE TREATMENT

Specially contoured to target the undereye area and crow's feet, this concentrated patch exfoliates and hydrates in a single step. Antioxidant-rich Vitis Vinifera extract derived from Italian grapes works with Lemon, Orange and Sugar Maple, helping to stimulate surface cell renewal to brighten, even and smooth. Vitis Vinifera extract is an excellent source of AHAs Tartaric Acid, Malic Acid, Lactic Acid and Gluconic Acid. This powerful yet gentle combination encourages cell turnover resulting in an epidermal renewal similar to Glycolic or Mandelic acid.

Benefits - Brightens under eye skin, Helps even skin tone + texture, Minimizes the appearance of fine lines and wrinkles

This revolutionary treatment includes Cleansing of the eye area, power peel to reduce lines and wrinkles, pressure point eye area massage, plumping and hydrating mask, eye serum and specialised eye cream to complete the ritual.

FAT CAVITATION

What is fat cavitation?

Ultrasound liposuction (ultrasound cavitation) is a new, revolutionary fat removal technique using targeted ultrasound waves that melt fat into fatty acids safely and allow them to be processed by the normal body's process.

Our machines are extremely powerful and our process is very unique as it combines ultrasound, light therapy and radio frequency followed by lymphatic drainage to ensure optimum results, all helping to reduce fat but also tones and tightens the skin, improves skin texture, reduces cellulite and improves body shape as well.

The more sessions the greater all these benefits are amplified. We recommend programs between 6-10 treatments, depending on your BMI and have put together special offer packages for this.

Prices Start from \$89.

Price will be determined upon consultation.
